Suppliers which affect product quality shall comply with all requirements of IATF 16949 and the most current revision of MFCS specification MF4690 and MF4600 (if applicable). Suppliers are required to comply with all aspects of Public Law 101 592 (FQA) when applicable. All products and/or services provided against this purchase order shall meet all applicable regulatory and governmental guidelines and are subject to our standard terms and conditions. Please include this PO number on all packing slips and invoices related to this purchase order. Please notify the sender immediately (by email, phone or fax) if there are any discrepancies in pricing, terms, conditions or descriptions. If we do not hear from you to the contrary, invoices will be paid according to the purchase order.
